Practice creating a google slideshow about a topic that interests you.

3rd grade Virtual Snow Day Learning Menu

Dear Parent(s),

Due to a school closing for weather or other unexpected circumstance, we will have a virtual learning day. I will be available for questions or comments, or for help getting logged into anything. You can contact me through the school email, or by using the Remind App.

On the reverse side of this letter you will find the learning menu. Your child is required to complete and turn in at least 1 activity under each column. There is a special prize for students who complete extra, or complete a bingo! Once they have completed the activity, initial the box. Have your child return the menu to me within 3 school days, along with any assignments they complete. (some assignments will not have anything to turn in and your initials will suffice). I need to have the menu returned with your initials on activities and your signature on this page, in order to count your child for attendance for the e-learning day.

Please contact me if you have any questions. Thank you for your assistance at home with these assignments.

Thank You,

Ms. Kriesel

Ekriesel@glacialhills.org

You can also contact me through the Remind App!
